

Environmental Policy Statement

Simply Warmer is committed to and endorses the need to protect the environment.

The organisation acknowledges and accepts its responsibility to conduct business in compliance with applicable Environmental Laws and Regulations.

This is achieved by operating a formal Environment Management System (EMS), designed to meet the requirements of ISO 14001 and is implemented across our whole organisation. To accomplish the foregoing, our EMS representative has the responsibility to:

- Establish an internal review procedure to identify environmental impacts of all functions within the organisation and to assess levels of compliance with applicable laws and regulations pertaining to the environment
- Develop a program aimed at safe-guarding the quality of the environment and achieving compliance
- Design, establish and maintain appropriate training programmes to ensure employee competence in executing his or her responsibilities with respect to this policy
- Report annually on regulatory compliance, issues and improvements

Operating Policy

Our organisation has a vital interest in the provision of a clean, safe and healthy environment. Our organisation relies on high quality products to facilitate the function of the work process.

At all times, our organisation takes active responsibility to ensure the delivery of our services in an environmentally friendly manner.

As technology advances and regulations change, our organisation will continue to improve systems, reduce waste and efficiently utilise resources to meet the environmental challenges of the next century.

Our organisation will make available to interested parties, our environmental programme and our environmental control activities.

Signed

Matthew Thomas
Managing Director
